House body backs Ati Boracay claim

By Maria P. Dela Cruz
PHILIPPINE DAILY INQUIRER
 Manila, Philippines

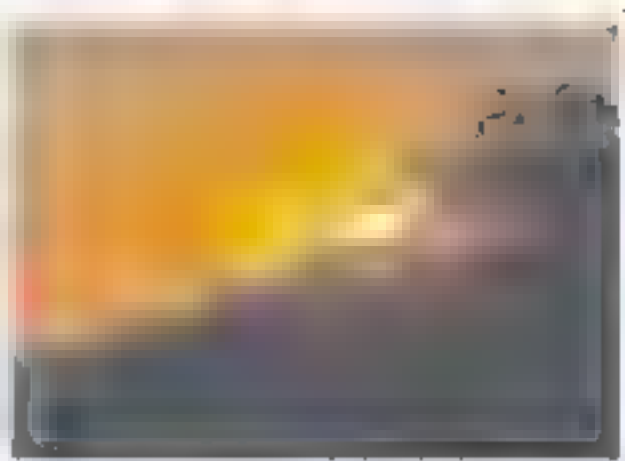

HOUSE OF REPRESENTATIVES
 COMMITTEE ON NATURAL RESOURCES
 HAS PASSED A RESOLUTION
 SUPPORTING THE CLAIM OF
 THE ATI BORACAY COMMUNITY
 TO OWN THE ISLAND.

The resolution, which was passed by a vote of 10-7, states that the Ati Boracay community has a historical claim to the island and that the government should recognize their rights.

The resolution also calls for the government to conduct a study on the claim and to take appropriate action based on the findings.

The Ati Boracay community has been fighting for its claim to the island for many years. It claims that its ancestors have lived on the island since the 15th century and that it has a historical right to the land.

The government has previously rejected the claim, stating that the island is part of the public domain. However, the resolution passed by the House of Representatives is a significant step towards recognizing the community's rights.

BIR accused of contravening tax relief law

By Maria P. Dela Cruz
PHILIPPINE DAILY INQUIRER
 Manila, Philippines

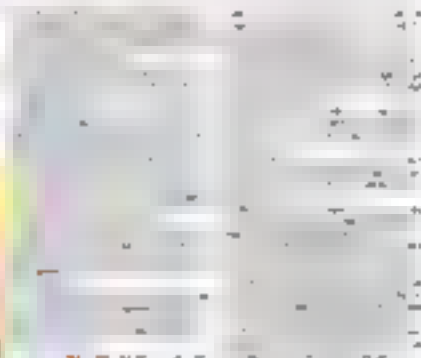

BUREAU OF INTERNAL REVENUE
 HAS BEEN ACCUSED OF
 CONTRAVENING THE
 TAX RELIEF LAW.

The accusation comes after the Bureau of Internal Revenue (BIR) issued a ruling that certain tax incentives provided under the Tax Relief and Extension Act of 2007 are no longer applicable.

The ruling states that the incentives only apply to taxes levied before the law took effect. This has caused confusion and concern among taxpayers and businesses who rely on these incentives.

Some groups have accused the BIR of acting arbitrarily and of not following the letter of the law. They argue that the law clearly states that the incentives should continue to apply until a new law is passed.

The BIR has defended its ruling, stating that it is based on a strict interpretation of the law. It claims that the incentives were intended as a temporary relief measure and should not be extended indefinitely.

Militants demand probe of DND, DAR land conflict

By Maria P. Dela Cruz
PHILIPPINE DAILY INQUIRER
 Manila, Philippines

**MILITANTS HAVE DEMANDED
 A PROBE INTO THE
 LAND CONFLICT
 BETWEEN THE
 DEPARTMENT OF
 NATIONAL DEFENSE
 (DND) AND
 THE ARMY
 (DAR).**

The demand comes after a series of clashes between the two military branches over land ownership in a remote area. The DND claims that the land is part of its jurisdiction, while the DAR insists that it belongs to the Army.

The conflict has resulted in several deaths and injuries, and has caused significant disruption in the local community. The militants, who are active in the area, have expressed their anger at the government's handling of the dispute.

They demand that the government conduct a thorough investigation into the land conflict and take appropriate action to resolve the issue. They also call for the government to stop the military operations in the area and to engage in dialogue with the community.

The government has responded by stating that it is committed to resolving the conflict peacefully and that it will conduct a fair and impartial investigation. It has also promised to take steps to improve the relationship between the military and the community.

We offer up the pro-forma corporate statement in the above-entitled Monday-to-Friday meeting to the SMT next JUNE 1974, for the SMT members' review before moving to the last round. We hope everyone will agree, based on information shared over the past year, that the US Government is increasing one of the global economic obstacles. The SMT may want to discuss whether there are ways to remove what we regard as the right of the US to "empty out" foreign governments that could generate money in a market and US dollars in balance of trade.

Analysts believe that the BSP will lower the rate to 6.75 percent or even 6.25 percent, depending on the inflationary pressure in the economy. The BSP's decision will be influenced by the inflation rate, which is currently at 3.5 percent, and the unemployment rate, which is at 6.5 percent. The BSP's decision will also be influenced by the global economic situation, which is currently in a state of uncertainty.
